PROFESSIONAL SUMMARY

Front End developer with over four years of experience working in small and large teams to develop interactive, user-friendly, and feature-rich web applications.

A self-motivated and lifelong learner familiar with modern web development.

WORK EXPERIENCE

Custplace | Front-End Developer

July 2024 – Present | Agadir Morocco

- Worked on Custplace's product team, to develop and deliver features used directly by customers
- Optimized performance by reducing the initial load, implemented lazy loading for images and components.
- Built robust web scrapers to extract and normalize data from websites lacking APIs
- Maintain interactive widgets to enhance user experience and support product features

Custplace | Intern

June 2024 – July 2024 | Agadir, Morocco

- Worked on Custplace's widgets team, developing Widgets using react.
- Built and maintained web scrapers to collect and process data.

THE AGENCIES | Front-End Developer

Feb 2023 – Mar 2024 | Agadir, Morocco

- Specialized in frontend development using HTML, CSS, JavaScript, and React.js to create engaging user interfaces.
- Collaborated with backend developers to ensure seamless API integration and optimize web performance.
- Transformed design mockups into fully functional web pages, enhancing user experience and accessibility.
- Contributed to a dynamic team at THE AGENCIES, a startup focused on innovative web solutions in Agadir, Morocco.

KOMCEPT | Junior Front-End Developer

November 2021 – September 2022 | Agadir, Morocco

- Specialized in front-end development using **HTML, CSS, and JavaScript** to build responsive, interactive web pages.
- Translated **design mockups** into fully functional components, ensuring pixel-perfect implementation.
- Worked closely with back-end developers to integrate **RESTful APIs** and optimize client-side performance.
- Improved **cross-browser compatibility**, delivering consistent user experiences across different devices and platforms.

SKILLS

Programming Languages

- Proficient in: JavaScript, TypeScript, HTML, CSS
- Technologies: React, Next.js, Redux, Vue.js, Tailwind CSS, Vite, ESLint.
